

Adding and editing accessories

Last Modified on 18/08/2023 11:52 am IST

You can add accessories to certain product pages to advertise additional products to customers that they might want to purchase. This can help encourage customers to add items to basket and increase your average order value.

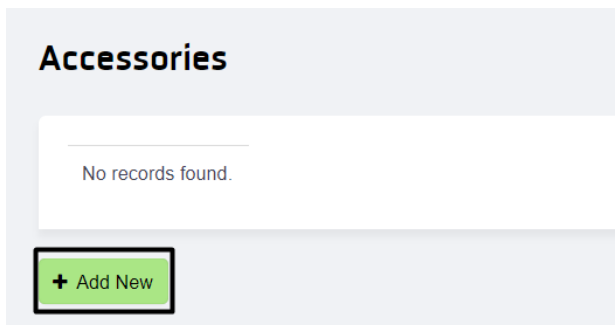

To view all products, do the following:

1. Login to your WebStore Manager.
2. Go to **Products > Product Details**.
3. Scroll to **Accessories**.

Adding accessories

To add new accessories to a product, follow the steps below:

1. Click **Add New**.

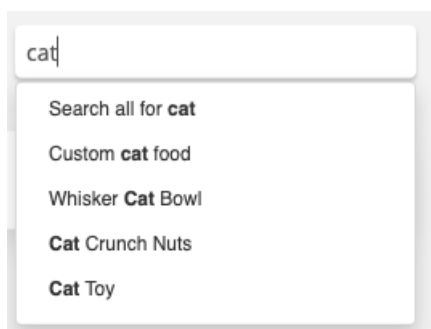

2. Search for the accessories you want to add by either:

- Selecting the department and category from the store navigation on the left:

- Searching by keyword in the search box in the upper right corner:

3. Select the products you want to assign and click **+Add**.

<input type="checkbox"/> Name	Product Code	Actions
<input checked="" type="checkbox"/> Cat Toy	7654	<button>Preview</button>

+ Add

Note: Make sure to click Add before going to another category or search for another product, as this will remove the previously checked products.

4. Once the products are selected they will be viewable under the **Accessories** section.
