Multiple departments and categories

Last Modified on 29/09/2023 2:14 pm IST

The ability to assign a product to multiple departments and categories was added in version of our client side software, WebSell Sync, WebSell PAM and GWO.

This feature was added into PAM alongside Web Navigation which previously was a separate utility.

The right pane will now be populated with the items already assigned to this category. You may add items

from the left pane by selecting the item and clicking **"add"** or by clicking **"add all"** if you want all items in the left pane added.

You are able to use the same filter as you would in WebSell PAM to refine the selection in the left pane.
